## <<Where is the Wind?风在>>

### 内容概要

Mole sets out to see the wind. He asks every animal he meets if they see the wind and they all say no. The illustrations tell a different story: windswept trees, blowing leaves and litter show that the wind is actually blowing, though invisible to them. / Red B level/ Band 2B texts offer emergent readers simple but varied text with familiar objects and actions, combined with simple story development and a satisfying conclusion. / Text type - A story with predictable structure and patterned language. / A story map on pages 14 and 15 show Mole's journey and safe return home, providing opportunities for speaking and listening activities.
