内容概要

Based on Marlene Hurst's phenomenally popular nursing seminars that train over 30,000 students annually, this innovative review is loaded with the author's time-tested strategies-all designed to help you pass the NCLEX certification and course exams the first time around! NCLEX-RN Review breaks the mold of other review books by explaining how to apply critical thinking and test-taking skills, rather than how to re-learn course content. Marlene shows you how to effectively work with the "think-on-your-feet" philosophy of the NCLEX-RN, not against it. Features: A complete NCLEX-RN toolkit-from the world's most sought-after speaker on passing the NCLEX Over 1,000 skill-building NCLEX-style questions, complete with answers and rationales Full of concise, easy-to-remember strategies that cut study time in half! An eye-catching four-color format "Marlene Moments" -Marlene's humorous anecdotes of common student mistakes that offer a light-hearted look at how new nurses learn to succeed "What the NCLEX Lady Thinks" -valuable tips that reveal the motivation behind certain types of NCLEX questions and how to adjust your strategy accordingly Chapter-ending NCLEX practice questions that solidify important information and show you how it will be tested on the NCLEX examination Companion CD-ROM with 300 additional NCLEX-style questions, plus downloadable MP3 audio tips from Marlene Hurst's award-winning NCLEX reviews
