## <<THE BLITHEDALE ROMAN>>

### 内容概要

1894. Hawthorne, who, like Edgar Allan Poe, took a dark view of human nature, was a central figure in the American Renaissance. His best-known works include *The Scarlet Letter* and *The House of the Seven Gables*. Renouncing the city for a pastoral life, a group of utopians set out to reform a dissipated America. But the group is a powerful mix of competing ambitions and its idealism finds little satisfaction in farmwork. Instead, of changing the world, the members of the Blithedale community individually pursue egotistical paths that ultimately lead to tragedy. Hawthorne's tale both mourns and satirizes a rural idyll not unlike that of nineteenth-century America at large. The Blithedale Romance shadows the Brook Farm, in Roxbury, which was occupied and cultivated by a company of socialists. See other titles by this author available from Kessinger Publishing. --This text refers to the Paperback edition
