<<Bailliere护士与助产士技能>>

内容概要

Whether you are a first time student or returning to study, it can seem very daunting. This book can help you get the most from studying and shows how to make good use of your time and achieve success as a student. This new edition has been thoroughly revised and updated throughout. It demonstrates how to develop and build on existing strengths and experiences to get the most out of any course. Using a down-to-earth and user-friendly approach, it concentrates on what you need to know. It can help you to:

- get the most from reading and lectures
- access libraries
- use the Internet and databases
- develop IT skills
- learn through reflection
- develop a portfolio
- prepare assignments
- get the most from placements. activities

reflection points case studies annotated further reading useful appendices including a simple guide to reference and citation systems More material relating to midwives and reference to midwives as appropriate throughout the book (reflected in modified title) More material on seeking information for assignments, including critical appraisal of evidence Additional material on writing for publication
