## <<月光下的兔子Rabbit Moon>>

### 内容概要

Consider Rabbit snowmen in February! Can you imagine Rabbit pipers in March?! An engaging collection of poems for preschoolers and early readers, this unique almanac celebrates the holidays and good times enjoyed by young Rabbits and children alike. From Rabbit Leaders Day to Rabbit Thanksgiving, from Rabbit fireworks in July to Rabbit trick-or-treat in October, all the special days of the year are here. And, as Big-Rabbit-in-the-Moon looks on, all are enjoyed. Adding to the fun are playful illustrations (rendered in acrylics and india ink) of Rabbits here, Rabbits there, Rabbits everywhere!
