## <<Firearms 枪械>>

### 内容概要

Firearms includes a detailed historical overview of firearms from the medieval period to the present day, along with entries on individual weapons, and technical spreads explaining how weapons work. Each weapon is accompanied by a photograph or illustration and a full specification. Includes 350 weapons divided into 5 sections: handguns, muskets and rifles, sub-machine guns, machine guns and shotguns. Features 20 technical spreads showing how small arms work and cutaway diagrams
