<<Horace and Morris Jo>>

内容概要

Best friends Horace, Morris, and Dolores do everything together. So when they try out for the chorus and Dolores (who sings notes no one has ever heard before) doesn't get in, she feels hurt and angry and -- not like Dolores at all -- sorry for herself. But mostly she feels lonely, with her friends too busy rehearsing to have time to share adventures with her. So Dolores does what she does best and takes matters into her own hands. But can she prove to Moustro Provolone that there's a place for every kind of voice in the chorus?

作者简介

James Howe is the author of over eighty books for young readers, including the modern classic *Bunnicula* and its highly popular sequels. In 2001, Howe published *The Misfits*, the story of four outcast seventh-graders who try to end name-calling in their school. *The Misfits* is now widely read and studied in middle schools throughout the country, and was the inspiration for the national movement known as No Name-Calling Week, an event observed by thousands of middle and elementary schools annually. *Totally Joe*, a companion novel to *The Misfits*, was published in 2005, and a second companion novel, *Addie on the Inside*, is being published in 2011. Howe's many other books for children from preschool through teens frequently deal with the acceptance of difference and being true to oneself.
