<<Peter & Shadow Thief>>

内容概要

In this riveting and adventure-packed follow-up to Peter and the Starcatchers, Peter leaves the relative safety of Mollusk Island -- along with his trusted companion Tinker Bell -- for the cold, damp streets of London. On a difficult journey across the sea, he and Tink discover the dark and deadly, slithering part-man/part-creature Lord Ombra. It seems that the dreaded Ombra has a variety of mysterious powers, including the ability to make shadows disappear. When Peter reaches London, he sets out to find the indomitable Molly. Together they must combat Ombra's terrible forces to both protect the Starcatchers and the treasured starstuff and, most important, to rescue Molly's mother from the clutches of evil.

Grade 4-7 – In this sequel to Peter and the Starcatchers (Hyperion, 2004), trouble arrives at Mollusk Island (otherwise known as Never Land) in the form of a ship filled with nefarious characters searching for the trunk of starstuff that the Starcatchers spirited away in the first book. When the bad guys, led by nonhuman Lord Ombra, learn that it is in London, they sail off in pursuit, and it takes the combined efforts of Peter, Tinker Bell, and Peter's friend Molly's Starcatcher family to ensure that it is returned to outer space before Lord Ombra can use it to rule the world. Kids won't have to have read the first book to dive headfirst into this one; it is filled with enough rollicking, death-defying adventure to satisfy anyone. Readers familiar with James Barrie's Peter Pan (or even the Disney animated version) will immediately recognize and enjoy familiar characters, but it is when the action switches to London that the plot really starts to sizzle. Breathless chases and near-death experiences are spiced with a miasma of Dickensian squalor, creating scenes that are rich in color and action if short on in-depth characterization. This should appeal to fantasy and adventure fans alike.

– Eva Mitnick, Los Angeles

Public Library

Gr. 5-8. In this second prequel to the adventures made familiar by J. M. Barrie and Walt Disney, which builds on the events of Peter and the Starcatchers (2005), two veteran writers for adults do not disappoint. Sustaining the first book's lively pace are short chapters packed with action and well-chosen details--both icky (Peter and the bucket of excrement!) and marvelous (the pitch-perfect sound of Tink's exasperation). An evil force is once again trying to obtain starstuff, the magical substance that, among many other qualities, enables Peter to fly and to remain eternally youthful. Peter must visit London to help his friend Molly and her family of starcatchers, leaving the boys on Mollusk Island at the mercy of Hook. Squalid London streets, aristocratic mansions (one of which houses a young George Darling), and even Stonehenge make atmospheric backdrops for bouts with pirates, wolf packs, and a deliciously creepy villain who steals souls from shadows. Readers will relish the chance to further explore the backstory of a favorite childhood tale, and hope for a third installment.
