<<生殖医学奥秘Reproductive M>>

内容概要

Reproductive Medicine Secrets covers all practical aspects of reproductive medicine with particular focus on the rapidly expanding field of assisted reproduction technology, male infertility evaluation and treatment. With the tremendous advances in assisted reproductive technology and management in male and female reproductive disorders witnessed in recent years, reproductive medicine is considered the most rapidly expanding field of medicine in this past decade. New concepts regarding various reproductive disorders have continued to evolve and treatment strategies continued to be developed. Complemented with the increasing awareness of the availability of such treatments, there is currently an enormous increase in the volume of patients demanding infertility evaluation and management. Hence physicians currently in practice or in training have an existing and urgent demand for state-of-the-art knowledge on reproductive medicine. Tables and bulleted lists for quick reference

Controversial issues in reproductive technology Informative and explanatory figures

Thought-provoking questions that provide succinct answers Presentation of a vast amount of information, but not overly simplistic All the most important "need-to-know" questions-and-answers in the proven format of the highly acclaimed Secrets Series®; Bulleted lists, algorithms, and illustrations for quick review

Thorough, highly detailed index 作者简介 : Peter Chan, MD, CM, MSc, FRCS(C), Assistant Director of Genetic Laboratory, Population Council, New York, New York; Marc Goldstein, MD, FACS, Professor of Reproductive Medicine and Urology, Co-Executive Director, Cornell Institute for Reproductive Medicine, Surgeon-in Chief, Male Reproductive Medicine and Surgery, New York Weill Cornell Medical Center, New York, New York; and Zev Rosenwaks, MD, Revlon Distinguished Professor of Reproductive Medicine in Obstetrics and Gynecology, Director, Center for Reproductive Medicine and Infertility, Weill Medical College of Cornell University, New York, New York
