<<面向目标的程序LNCS-2374>>

内容概要

This book constitutes the refereed proceedings of the 16th European Conference on Object-Oriented Programming, ECOOP 2002, held in Malaga, Spain, in June 2002.The 24 revised full papers presented together with one full invited paper were carefully reviewed and selected from 96 submissions. The book offers topical sections on aspect-oriented software development, Java virtual machines, distributed systems, patterns and architectures, languages, optimization, theory and formal techniques, and miscellaneous.
