书籍目录

前言

Chapter 1 Gilmore Girls

Now you're kidding.
I think we should set them up.
Keep your pants on.
I'll make a mental note.
On the count of three.
I've been up for hours.
What's with you?
Don't sweat it.
You're making a mess.
I had no choice.
You're in a good mood.
It will never happen again.
I'm so sick of her.
It's not too late to back out.

Chapter 2 The O. C.

Make yourself comfortable.
That's my point exactly.
I'll handle it.
Can I try this on?
What's on the agenda?
No way.
You want to hang out sometime?
Clear the air.
It's a band aid for a bullet wound.
Sorry to just pop in.
I'll find another way to get by.
No more digs at my dad.
Speak of the devil and the devil he does appear.

Chapter 3 The Vampire diaries

I predict this year is gonna be kick ass.
So not getting in the middle.
Fly free.
I rock.
She talks more than I can listen.
You almost got me.
I've been kind of m.i.a. ...
In lieu of any other options.
I'm not that evolved.
His trip is open-ended.
It can't be to just catch up.
Cut her some slack.
His eyes are so blue.
You're letting your jealousy get the best of you.

I'm not going to put up with the drama.

That's not stabbing you in the back.

Mason was a catch.

I'm not living up to my best self.

There is no us.

The girl's got heart.

Like you had a choice.

Elijah is old school.

I was looking out for myself.

I wasn't thinking straight.

Desperate Housewives

Chapter 4 Ease up.

Your mother is quite the card shark

What brings you here?

It's my call.

It makes sense.

You just had to cut me off.

Suck it up.

You're not bailing on me?

That's big of you.

It puts a crimp in your plans.

You put us in a really awkward position.

Count me in.

I won't say a word.

For better or for worse.

You' 11 keep the thought to yourself.

You just have to stick your nose into other people's business.

Take a load off.

Do you mind if I steal Tom for a sec?

Let me give it a shot.

There's no point.

Chapter 5 Gossip Girls

That is the lamest excuse I've ever heard.

You must have your own wing.

It's a long story.

I'm working on it.

Where are you headed?

Fortunately, Yale is out of her reach.

It wrapped up sooner than expected.

No time for oxygen.

We are going to blow them away.

What a lovely surprise.

It's no one's fault.

It's the big day.

I know something's going on.

I'm losing her.

It's not a big deal.

The entire thing was a scam.
Maybe you'll learn something.
You're free to see other people, too.
Who do you work for? Speak it.

Chapter 6 One Tree Hill

This is personal.
What's going on with you?
Everything turned out okay.
I want your life to be good.
So what does this dress say to you?
You just took 10 years off my life.
Move your ass.
You ready for round two?
You're one to talk.
