章节摘录

As she said this she looked down at her hands , and was surprised to see that she had put on one of the Rabbit ' s little white kid gloves while she was talking. " How can I have done that ? " she thought. " I must be growing small again. " She got up and went to the table to measure herself by it , and found that , as nearly as she could guess , she was now about two feet high , and was going on shrinking rapidly : she soon found out that the cause of this was the fan she was holding , and she dropped it hastily , just in time to avoid shrinking away altogether. " That was a narrow escape ! " said Alice , a good deal frightened at the sudden change , but very glad to find herself still in existence ; " and now for the garden ! " and she ran with all speed back to the little door : but , alas ! The little door was shut again , and the little golden key was lying on the glass table as before , " and things are worse than ever , " thought the poor child , " for I never was so small as this before , never ! And I declare it ' s too bad , that it is ! " As she said these words her foot slipped , and in another moment , splash ! She was up to her chin in salt water. Her first idea was that she had somehow fallen into the sea , " and in that case I can go back by railway , " she said to herself.
