

<<微电子技术专业英语>>

图书基本信息

书名：<<微电子技术专业英语>>

13位ISBN编号：9787122108487

10位ISBN编号：7122108481

出版时间：2011-6

出版单位：化学工业

作者：王波//谈向萍

页数：151

版权说明：本站所提供下载的PDF图书仅提供预览和简介，请支持正版图书。

## <<微电子技术专业英语>>

### 内容概要

本书涉及半导体器件、半导体工艺、集成电路、微型机电系统（MEMS）等微电子技术的基础知识，旨在逐步提高学生的阅读、理解和翻译微电子技术专业书刊资料的能力，为学生今后能够以英语为工具，获取和交流专业技术信息打下较好的基础。

本书注重选用不同类型的各种资料，有教材、科普资料、设备说明书等，并附上了很多插图，力求达到较好的教学效果。

本书适合作为本科院校、函授学院、高等职业院校的微电子技术专业教材，也可作为其他电类专业学生的参考用书。

书籍目录

Unit 1 A Brief Introduce to Microelectronic Technology 1

1.1 History About Microelectronics 1

Text 1

Technical words and Phrases 2

Notes to the text 3

Exercises 3

1.2 Introduction To Some Courses 5

Text 5

Technical words and Phrases 6

Notes to the text 7

Exercises 7

1.3 Reading Materials 8

1.4 Unit Exercises 10

Unit 2 Semiconductor Device 18

2.1 Semiconductor Diode 18

Text 18

Technical words and Phrases 22

Notes to the text 23

Exercises 23

2.2 Transistors 24

Text 25

Technical words and phrases 27

Notes to the text 28

Exercises 28

2.3 Microwave and Photonic devices 30

Text 30

Technical words and Phrases 34

Notes to the text 35

Exercises 35

2.4 Reading Materials 37

2.5 Unit Exercises 39

Unit 3 Micro-electronic Technology 43

3.1 Crystal Growth 43

Text 43

Technical words and Phrases 44

Notes to the text 45

Exercises 45

3.2 Film Growth 46

Text 46

Technical words and Phrases 47

Exercises 48

3.3 Photolithography 48

Text 49

Technical words and Phrases 50

Exercises 50

<<微电子技术专业英语>>

- 3.4 Oxide Growth 51
  - Text 51
  - Technical words and Phrases 53
  - Exercises 53
- 3.5 Diffusion and Ion Implantation 54
  - Text 54
  - Technical words and Phrases 56
  - Notes to the text 57
  - Exercises 57
- 3.6 Etching 58
  - Text 58
  - Technical words and Phrases 60
  - Notes to the text 60
  - Exercises 61
- 3.7 Reading Material 61
- 3.8 Unit Exercises 64
- Unit 4 Integrated Circuits 67
  - 4.1 Introduction of Integrated Circuits 67
    - Text 67
    - Technical words and Phrases 71
    - Notes to the text 72
    - Exercises 72
  - 4.2 Integrated circuit design and verification 74
    - Text 74
    - Technical words and Phrases 79
    - Notes to the text 80
    - Exercises 80
  - 4.3 Introduction of Cadence Tools 81
    - Text 81
    - Technical words and Phrases 94
    - Notes to the text 95
    - Exercises 95
  - 4.4 Reading Materials 96
  - 4.5 Unit Exercises 99
- Unit 5 Microelectronic Mechanical Systems (MEMS) 104
  - 5.1 Introduction to MEMS 104
    - Text 104
    - Technical words and Phrases 106
    - Notes to the text 107
    - Exercises 107
  - 5.2 Materials for MEMS 108
    - Text 108
    - Technical words and Phrases 111
    - Notes to the text 111
    - Exercises 111
  - 5.3 Processes for Micromachining 113
    - Text 113

<<微电子技术专业英语>>

- Technical words and Phrases 116
- Notes to the text 116
- Exercises 116
- 5.4 Reading Materials 118
- 5.5 Unit Exercises 119
- Unit 6 Scientific and Technological Papers 123
- 6.1 Film Thickness Tester 123
  - Text 123
  - Technical words and Phrases 128
  - Notes to the text 129
  - Exercises 129
- 6.2 WL13A0G10 Test System Option Manual 130
  - Text 130
  - Technical words and Phrases 133
  - Notes to the text 133
  - Exercises 134
- 6.3 Reading Materials 134
- 6.4 Unit Exercises 137
- Appendix Technical Vocabulary 141
- Reference 151
