章节摘录

Thanksgiving Day is a holiday in the United States and Canada. Nobody goes to work or school on Thanksgiving. Thanksgiving is not on the same day every year, but it is always in the same month. In Canada, Thanksgiving is on the second Monday in October. But in the US, it is on the fourth Thursday of November.

Thanksgiving began in the US in 1620. In 1620, over one hundred people sailed across the Atlantic Ocean to live in the New World. Their first winter in the New World was hard. They arrived too late to grow any crops. Without food, half the people died. The Indians taught them how to grow crops. The next year, in the fall, there was a great harvest. That was the first Thanksgiving Day. People in Canada began celebrating it in the 1750s. Families make special food and eat them together. They eat the roast turkey and pumpkin pies. After the dinner they like to play games together.
