## 内容概要

英语词典研究历来较为偏重从编纂者视角来评判一本词典的好坏,《复旦大学外国语言文学博士文库:英语为源语言词典编纂中的用户友善问题》则将计算机技术中的“用户友善”概念运用到双语词典编纂中,认为读者、用户视角在实现词典价值方面同样重要。

本书还为“词典编纂”这门实践性很强的学科找到了接受理论、交际理论、二语习得理论、认知科学和市场营销理论中可以借鉴的理论依据,并全面总结了英语为源语言词典迄今为止在“用户友善”方面的“最佳实践(best practice)”及电子媒介英语为源语言词典在“用户友善”方面的独到之处。

书籍目录

Abstract中文摘要IntroductionI . From user to editor , and then back to userII . A review of prefaces to dictionaries with English as the source languageTheoretical BackgroundI .
