章节摘录

Task 3     W : Do you have any plans this weekend?     M : Theres so much to choose from on campus that Im not sure what Im going to do.     W : The football game is on Saturday night , and Im going with a group of friends. Do you want to go with us?     M : Of course Id like to go to the football game : its the biggest game of the season. And it sounds like fun to go with a large group of people.     W : Good. Well be meeting at the cafeteria for dinner at six oclock on Saturday night , and then well go on to the game together.     M : That takes care of my plans for Saturday night. But now I need to make a decision about Sunday afternoon. The music department is sponsoring a concert then , and Id really like to hear that concert. But theres also a play being presented by the drama department that I really wanted to see. Its too bad those two events are at the same time.

W : You know , if you go to the game on Saturday night and a concert or play on Sunday , that doesnt leave much time for studying.     M : Oh , well. Maybe I can do that the weekend after this one.     Questions

1. What is the woman planning to do Saturday?
2. Why does the man want to go to the football game?
3. What is at the same time as the music departments concert?
4. When does the man plan to study?
