前言

While the spoken part of the IELTS exam has three stages and its important to dowell in all the three parts, the examiner has a specific set of criteria by which they giveyou a score. The more familiar you are with these four criteria, the more accuratelyyou can analyse your strengths and weaknesses. These four criteria are equallyimportantso pay attention to all of them.

内容概要

关于人性化的阅读，编辑团队所做的努力： 关键词：绿色环保——轻型纸是纯木浆纸，在生产过程中不添加荧光增白剂，造纸时对制浆的漂白、蒸煮处理会减少，更多的是打浆处理，因而废液排出会相应减少，在使用过程中挥发出来的有害人体的化学因子也会大幅减少。

从环保与健康的角度考虑，我们更愿意采用轻型纸。

关键词：保护眼睛的原色调——国际上提供纸张的白度不高于84度，色泽为原色调，本书使用的纸张白度在80度左右，这样可以使因长期阅读导致眼睛疲劳、酸胀的读者在阅读时有舒适感，不刺眼、不疲劳，即便长时间阅读也不会造成视力损伤。

关键词：科学设置的字体字号——我们所使用的字体、字号和行距是基于读者需求来设置的，每页设计的字数可以在阅读疲劳周期的低谷到来之前，使您稍作停顿，减轻阅读疲劳，舒适的阅读感油然而生。

关键词：舒适的手感——轻型纸成书后，切口有毛边，正是这些小毛边提供了柔软的手感，而铜版纸和胶版纸有像小刀一样锋利的质变，容易划伤手。

关键词：昂贵的轻型纸——我们使用了近年来在欧美流行的轻型纸来印刷图书内文，用其印刷的图书比用普通胶版纸或铜版纸印刷的图书重量轻1/3-1/2，方便您随身携带、随时阅读，减轻您的学习负担。

一切为了您的成功和阅读体验.....

章节摘录

The answer is a bit short and simple, so the examiner challenges the student because he didn't really catch the part of the question which said "werent popular 20 years ago. You know that Chinese players really did well in every game of table tennis. Generally speaking, Chinese players are dominant in ping-pong. But I think table tennis or ping-pong was also popular 20 years ago. My meaning is what sports are kind of new, I mean they're popular now but they weren't popular 20 years ago. Note that while "ping-pong" originally comes from Chinese, it is more commonly used among native speakers than "table tennis" — thus students should use "ping-pong" to sound more natural. Oh, "new", oh, I see. And perhaps tennis should belong to that kind. You know 20 years ago no one knows what tennis is. But now with the development of economy, more and more people began to know and participated in this game. The student could make a stronger response by noting the following corrections: You know 20 years ago no one knows what tennis is. You know 20 years ago no one knew what tennis was. But now with the development of (the) economy, more and more people began (have begun) to know and participated (participate) in this game. (illogical connection — needs to be developed or explained more) As I mentioned before, tennis is perceived as a game to be enjoyed by those of high social status. So in the past, when the country wasn't so developed, it wasn't popular. But in recent years, as the economy and people's standard of living have improved, the game has taken off.
