## <<中国金融稳定报告2007>>

### 内容概要

In 2006, China's Eleventh Five-Year Plan got off to a good start with major achievements in economic and social development. The breakthroughs in financial sector reforms and innovations, the enhanced role of financial policies and services, and the improved financial supervision, regulation, as well as legal system helped further strengthen the stability of financial system. The China Financial Stability Report 2007 aims to reflect the latest developments in China's financial sector reforms, opening up, and innovations, providing a balanced assessment of financial stability in China.
