章节摘录

In 2050, do you know what I will be ?

I will be a teacher of Chinese in America. I will teach the Americans to speak good Chinese. But I don't go to school. How do I teach my students Chinese ?

I will teach them on the computer. And they will come to my website and study with me. I am a teacher at that time. But I'm still a student. I will go to my English teacher's website and study English. In 2050, no one likes to eat meat. They like drinks. They only drink and don't feel hungry. In 2050, everyone has different kinds of lovely pet animals. Their masters love them very much. In 2050, all the people like going shopping. But they are not window-shopping. They buy the things from the computer. And the sellers will mail the things to their home.

In 2050, one likes going out by bike, car, taxi or motorbike, because they have a special pair of shoes. The shoes can make them fly to wherever they want to go. The shoes are the best. It can make the world very clean. Do you know who created them ?

It was me. In 2050, all the people go to outer space. They will find a new place and like to live there. It's suitable for the people. How do they live ?

Don't they need oxygen ?

Yes, they do. But they gulp a pill in outer space and they don't breathe. Do you know who the creator is ?

It's me. In 2050, there are many dinosaurs in the world. They are very kind to human beings and the other animals. Some of them fly, some of them walk and some of them swim. How do they revive ?

Aha. I cloned them. In 2050, you can see many robots wherever you are. They can clean the windows of a big building, it's very easy for the robots. This is 2050. It will be a good time for everyone. Now let's look forward to the coming of it.
