<<秘密七人团（中）>>

内容概要

描写七位小伙伴一次一次的探险经历

The books are about a secret club with official meetings and everything. The club members were Peter, Jack, Barbara, George, Pam, Colin, Janet and of course Scamper (the dog). They fancy themselves a pretty sharp group of detectives, and, they prove themselves to be. The Seven manage to retrieve stolen goods, capture crooks and scoundrels, and having the most brilliant adventures, they also contribute to good causes. They helped buy a violin for a destitute blind boy called Benny Bolan, after his was destroyed in a fire. They retrieved stolen medals for an elderly war veteran, who lived next door to Colin, and whose medals had enormous sentimental value to him. They also raised money to send Lamé Luke to the sea.

作者简介

英国著名的儿童文学家，大多描写十几岁的少年的探险、侦破故事，生动有趣，引人入胜。

Enid Blyton, the author of the series, wrote over 400 children's books by the time she died in 1968, including the sister series, The Famous Five. Blyton is probably the most successful children's author of all time--although not the most famous. She published an amazing number of children's or juvenile books, 600 by one account. She certainly was the most prolific author of all time, and with over 700 books and 10,000 short stories to her name, she is likely to remain so for years to come. Her importance is that she wrote books that children loved to read and attracted them to books--much like J.D. Rowlings. Blyton's most famous series was The Famous Five. Blyton's works painted an idyllic vision of rural England and hearty Englishness and in recent years she has been criticized for this. It is interesting that Rowlings who also attracts children to books has been criticized for just the opposite--a dangerous forbidding world of wizardry.
