章节摘录

What makes us ill ?

It is germs (细菌) . Germs are everywhere. They are very small and you cant find them with your eyes, but you can see them with a microscope. They are very very small and there could be hundreds of them on a very small thing. Germs are always found in dirty water. When we look at dirty water under the microscope, we shall see them in it. So your father and mother will not let you drink dirty water. Germs arent found only in water. They are found in air and dust. If you cut your finger, if some of the dust from the floor goes into the cut (割开处) , some of the germs would go into your finger. Your finger would become big and red, and you will have much pain in it. Sometimes the germs would go into all of your body, and you would have pain every- where. () 1.

Which of the following is true ?

A. If things are very very small, they are germs. B. If things cant be seen, they must be germs. C. Germs are only in dirty water. D. Germs are everywhere around us. () 2. What is a microscope used for ?

A. Making very very small things look much bigger. B. Making very big things look much smaller. C. Helping you read some newspapers. D. Helping you if you cant see things clearly. () 3. why dont your parents let you drink dirty water ?

A. You havent looked at it carefully. B. Water cant be drunk in this way. C. There must be lots of germs in it. D. Water will make you ill. () 4. Which of the following is not true ?

A. Germs can be found both in water and in the air. B. Germs can go into your finger if it is cut. C. If your temperature is not Ok, there must be germs in your body. D. If your finger isnt cut, there arent any germs on it. Hundreds of years ago, a Roman army came north from England to make war on Scotland. The Scots, a brave people, loved their country very much. They fought hard to drive the enemy out of Scot- land, but there were too many of the Romans. It looked as if the Romans would win. One night, the leader of the Scots marched his soldiers to the top of a hill. "We will rest here to- night, my men." He said, "Tomorrow we will fight one more battle. We must win or we will die. " They were all very tired, so they ate their supper quickly and fell asleep. There were four guards on duty, but they too, were very tired, and one by one, also fell asleep. The Romans were not asleep. Quickly they gathered at the foot of the hill. Slowly they climbed up the hillside, taking care not to make a sound. Closer and closer they came to the sleeping Scots. They were almost at the top. A few minutes more, the war would be over. Suddenly, one of them put his foot on a thistle (蓟) . He cried out and his sudden cry woke the Scots. In a moment, they were on their feet and ready for battle. The fighting was hard but it did not last long. The Scots wiped out the Romans and saved their country.
