章节摘录

Dear Mr Wang Im very glad to have received your money and books , and I can go to school again. Im so moved that I could hardly ex- press my thanks for your help. I have been working hard since I went back to school. I have made great progress in my studies with the teachers help. My teacher often praises me for it and encourages me. Ive made up my mind to study harder and make greater progress in future. Im looking forward to seeing you , but i have no chance. Would you please enclose a photo of yours with your next letter ?

Best wishes !

4 Dear Smith , I know you want to find a job in Beijing. I read an ad in todays 21st Century , an English paper here. A Beijing Ladder Company is running an English course. So they need native-speaker English teachers. What they prefer is a university degree in education or other related fields , which you have. And a foreign expert certification is also required : I think you are the right per- son they want. If you are interested , please directly call or write to the company.
