<<ESL/EFL英语课堂上的学习风格>>

内容概要

Learning Styles in the ESL/EFL Classroom This comprehensive volume explores the widespread issues involved in the study of individual learner differences in a variety of settings. FEATURES * Contributions by such leading ESL researchers and practitioners as Bassano, and Christison, Carrell, Chappelle, Ely, Kinsella, Kroonenberg, Oxford and Ehrman, Reidetal, and Stebbins * Explores sensory, peceptual, field-(in)dependence, tolerance-of-ambiguity, gender differences, adult learners, and ESL vs. EFL situation learning styles * Practical classroom activities demonstrate how effective management of learning styles promotes successful language development * Ideal for courses in ESL methodology and classroom management, or for individuals interested in the application of learning styles in the ESL classroom * Learning-style instruments included.
