章节摘录

版权页： I did indeed observe that the YAHOO'S were the only animals in this country subject to any diseases; which, however, were much fewer than horses have among us, and contracted, not by any ill-treatment they meet with, but by the nastiness and greediness of that sordid brute. Neither has their language any more than a general appellation for those maladies, which is borrowed from the name of the beast, and called Hnea-YAHOO, or YAHOO'S EVIL; and the cure prescribed is a mixture of their own dung and urine, forcibly put down the YAHOO'S throat. This I have since often known to have been taken with success, and do here freely recommend it to my countrymen for the public good, as an admirable specific against all diseases produced by repletion. "As to learning, government, arts, manufactures, and the like," my master confessed, "he could find little or no resemblance between the YAHOO'S of that country and those in ours; for he only meant to observe what parity there was in our natures. He had heard, indeed, some curious Houyhnhnms observe, that in most herds there was a sort of ruling YAHOO (as among US there is generally some leading or principal stag in a park), who was always more deformed in body, and mischievous in disposition, than any of the rest; that this leader had usually a favourite as like himself as he could get, whose employment was to lick his master's feet and posteriors, and drive the female YAHOO'S to his kennel: for which he was now and then rewarded with a piece of ass's flesh. This favourite is hated by the whole herd, and therefore, to protect himself, keeps always near the person of his leader. He usually continues in office till a worse can be found: but the very moment he is discarded, his successor, at the head of all the YAHOO'S in that district, young and old, male and female, come in a body, and discharge their excrements upon him from head to foot. But how far this might be applicable to our courts, and favourites, and ministers of state, my master said I could best determine."
