## 章节摘录

Many people today find themselves in unfulfilling work situations. In fact , One in four Workers Is dissatisfied with their current job , according to the recent “ Plans for 2004 ” survey, Their career path may be financially rewarding , but it doesnt meet their emotional. social or creative needs. Theyre stuck , unhappy , and have no idea what to do about it. except move to another job. Mary Lyn Miller , veteran career consultant and founder of the Life and Career Clinic , says that when most people are unhappy about their work , their first thought is to get a different job. Instead Miller suggests looking at the possibility of a different life. Through her book , 8 Myths of Making a Living , as well as workshops , seminars and personal coaching and consulting , she has helped thousands of dissatisfied workers reassess life and work. Like the way of Zen , which includes understanding of oneself as one really is , Miller encourages job seekers and those dissatisfied with work or life to examine their beliefs about work and recognize that in many cases your beliefs are what brought you to where you are today ” You may have been raised to think that women were best at nurturing and caring and , therefore , should be teachers and nurses. so thats what you did .Or , perhaps you were brought up to believe that you should do what your father did , so you have taken over the family business , or become a dentist “ just like dad ” .If this sounds familiar.
