<<雅思阅读新题>>

内容概要

雅思阅读的特点是文章长、题材广、时间紧、题型多，再加上文化差异，让考生感到难以琢磨。平行阅读法是一套近乎完美的阅读体系，是理论与实际紧密结合的阅读方法，是精读与速读的有机统一，它有效解决了雅思阅读中的常见问题，成为雅思阅读教学史上的经典之作。

新平行阅读法是根据几年来学生和老师的反馈，在原来的平行阅读法的基础上改进而成。整个理论建立在实战考试的基础上，建立在深刻、全面了解雅思出题规律的基础上，以顺序感为线索，完善了速读的方式，造就了“一遍阅读”的奇迹；从语言重现现象入手，用精读解决做题的准确性，总结了各种简洁的公式和规律。这是技巧，也是理念；这是方法，也是经验；这是总结，也是突破。

章节摘录

The Pursuit of Happiness How are we supposed to find happiness ?

Through good works and helping people ?

By finding religion or discovering the joys of downshifting ?

Whatever strategy you choose, where you live might make a difference. The latest global analysis of happiness and satisfaction levels shows that the most "satisfied" people tend to live in Latin America, Western Europe and North America, whereas Eastern Europeans are the least satisfied. It is not the first time such international league tables have been drawn up. What is new is how experts and politicians are taking such data increasingly seriously. Over the past decade, the study of happiness, formerly the preserve of philosophers, therapists and gurus, has become a bona fide discipline. It even has its own journal, the journal of happiness studies. As a result, government policy advisers are getting interested, and politicians are using the research as the basis for new strategies. What above all else has made systematic study possible is data gathered from hundreds of surveys measuring happiness across different cultures, professions, religions, and socio-economic groups. Researchers can investigate the impact of money and inequality; they could explore, for example, how much difference money makes to a person's happiness after their basic material needs have been met, and whether inequality in wealth and status is as important a source of dissatisfaction as we might think. "It is an exciting area," says Ruut Veenhoven, editor-in-chief of the journal of Happiness Studies. "We can now show which behaviours are risky as far as happiness goes, in the same way medical research shows what is bad for our health. We should eventually be able to show what kind of lifestyle suits what kind of person."
