当听到马丁。

路德·金(Martin Luther King)激情高亢的演讲《我有一个梦》(I have a dream)时，当想起亚伯拉罕·林肯(Abraham Lincoln)的《葛底斯堡的演说》(The Gettysburg Address)时，你是否被其中语言的准确表达和感染力所震撼呢?如果有一天要站在众多听众面前来表达自己的思想时，你是否已经准备好能让听众正确理解和接受你观点?

章节摘录

Honorable judges and dear friends , I'm very glad to stand here to share my speech with you. Mytopic is Going Abroad. Recently , more young people , even students in high schools , are dreaming of studying abroad. Attracted by advanced scienceand technology , they are eager to go to foreign countries , thinking thatthey are bound to get what they are longing for in order to have abright future. But the reality may not be as good as they have expected.Some high school students may find it difficult to get used to thenew surroundings. This is because they do not know enough aboutthe foreign customs , cultures and history. It is especially difficultif they cannot communicate with others fluently. Some cannot putup with the poor living conditions. Even some may give up theirstudy because of lack of self-control. So very few of them canfinish their study successfully. In my opinion , I think high school students should make theirown decisions according to their own abilities and their differentfamily backgrounds. But the most important thing is that theymust be clear about their purpose in doing so , and they should alsohave prepared fully.
