<<圣经的故事>>

内容概要

《圣经的故事》 WELL, when God made the world it was perfect in every way. And then Adam came along and ate the fruit God told him not to eat. Bad idea! At that moment God's perfect world wasn't perfect anymore. Adam decided to do things his way and not God's way, and that never works. Sin got in. And sin ruins everything. We all do what we want to do instead of what God wants us to do. So we are in trouble! Sin is like a terrible disease, and we all are going to die from it. God loves us so much, He sent His Son to make things right again. 《圣经的故事》 AND we all sin. And that's what Jesus came to save us from! And the price was very high. Sin brought death into God's perfect world. The only price to make it right again is for the guilty ones to die--and that's us. But Jesus died FOR us. Jesus took the punishment we deserved. What amazing, awesome love that is!

章节摘录

OME years ago , the editor of an English magazine sent a communication to "the hundred greatest men in Great Britain " asking them this question : ‘ ‘ If for any reason you were to spend a year absolutely alone , in a prison for instance , and could select from your library three volumes to be taken with you as companions in your period of retirement please to inform US what those three books would be . ’ ’ The inquiry was sent to peers of the realm , prominent leaders in politics , judges , authors , manufacturers , merchants , and gentlemen of leisure-men who would represent every aspect of successful life . In the answers it was found that ninety-eight of the hundred men named “ the Bible ” first on the list of the three books to be chosen . If from the middle class of society , instead of the highest , another hundred names were taken at random , requiring only character and not greatness , the proportion of those who would name the Bible as the most desirable book in all literature would be almost , perhaps quite , as large . And if one should ask the same question of a hundred moral honest people in the lower walks of life-workingmen and housewives in humble homes , ——the answer from the largest number would still be “ the Bible . ’ ’ There is no other book in all the world which commands annually a circulation of ten million copies , in order to supply the demand for it in every land and in every language .
