章节摘录

The banner that hung across the stage read simply : Thank You , Alan Brinkley ! We'll Miss You. As the young professor ended his last lecture , more than 500 students who filled the seats and aisles of Harvard's Sanders Theater rose in a standing ovation. By all accounts , Brinkley was one of Harvard's most gifted teachers. At 37 , he taught the largest course in Harvard's History Department and had won an American Book Award for his study of the Depression era. He further stood out from many of his Harvard colleagues because of his open-door policy and willingness to meet with students one-on-one , even though by some estimates , he taught one-third of all Harvard undergraduates in his various classes.
